SOLDIERS WILL PARADE

Artillerymen Prepare For Trip to Norfolk Friday.

ENTIRE COMMAND DRILLS

Ten Companies March and Manoeuvre Over Reservation—Veterans from Home Also Will Participate in Taft Day Celebration Across Roads.

Preparatory to the trip to Norfolk Friday to participate in the exercises on the occasion of the visit of President Taft, the ten companies of coast artillery at Fort Monroe held a special drill on the Old Point reservation yesterday afternoon.

The entire command turned out yesterday and marched from the parade ground to Old Point wharf and around the quarters of Colonel Clarence P. Townsley, the commanding officer. In front of the Hotel Chamberlin the artillerymen went through various manoeuvres and the drill was witnessed by the guests in the hotel, as well as a large contingent of the citizens on the reservation.

Eight companies and the band will go to Norfolk early Friday morning on special tugs and the artillery men are expected to prove a big feature in the Taft day parade.

Home Veterans Going, Too.

A large company of the veterans in the National Soldiers' Home, under command of Capt. Wiggins, and accompanied by the Home band, will also take part in the parade in Norfolk Friday. The company will be made up of the select men in the Home and the veterans in blue will probably attract much attention from those witnessing the parade.

TAYLOR WINS CASE.

Man Arrested for Taking Dirt in Phoebus Found Not Guilty.

In the Circuit Court yesterday the jury in the case of George Taylor, charged with taking dirt from a lot in the town of Phoebus, returned a verdict of not guilty. The case was prosecuted by Town Attorney C. Vernon Spratley for the town and Judge Sidney J. Dudley represented the defendant.

D. F. Freeman, Elias Holley and Wesley Armistead, who were also accused of the offense with Taylor, were dismissed by the court, after the jury brought in its findings in the Taylor case.

Naturalization papers were granted by the court yesterday to Julius Shikowitz, a subject of Russia; Nicholas H. Schmidt, of Denmark, and Thomas Ryan, of Ireland.

Taylor is Fined.

In the police court yesterday morning Mayor Thornton F. Jones imposed a fine of \$5 upon James Taylor, who raised a row in a saloon with Peter Barton. The latter was dismissed.

GRAND JURY TO LOOK INTO GAMBLING CASES

Report Says Many Witnesses Will Be Heard Today—Indictments Returned.

According to a report around the courthouse yesterday, the grand jury in the Circuit Court will today take up and investigate several alleged cases of gambling. It was said that the grand jury will look into the complaints and that in the event that sufficient evidence is obtained to warrant indictments a sensation will follow.

No one in authority would discuss the cases, but it was admitted that a number of witnesses will be before the grand jury today to tell what they know of the alleged gambling. Among the witnesses summoned were several artillerymen from Fort Monroe.

Yesterday the grand jury returned seven indictments, one of which charged murder. The indictments follow:

Robert Allen, murder; George Thomas, robbery; Oliver Robinson, felonious cutting; Montague Johnson, housebreaking; Montague Johnson and Armistead Patrick, housebreaking; William Hope, felonious cutting; William H. Springs, highway robbery.

In the cases of Arthur Hopkins, Allen Drew, charged with rape, and Edna Brown, charged with felonious cutting, the grand jury returned "not a true bill."

SAYS MRS. WEBB IS BIGAMIST.

Wife of Former Sergeant at Fort Monroe Said to Have Two Husbands.

The grand jury in the Circuit Court spent much time yesterday hearing evidence against Mrs. Joseph Webb, who now lives in Florida, with one husband, and who is charged with having another living in Pennsylvania.

It is charged that Mrs. Wiley, as she was known here until her marriage to Sergeant Webb, of Fort Monroe, last April, was married to George Adair and had never obtained a divorce. Shortly after her marriage here her husband was ordered to Florida, where they are now living.

WARRANT FOR WOMAN

Mysterious Mrs. Ford Accused of Receiving Money.

WARRINER GOES TO JAIL

Defaulting Big Four Treasurer Pleads "Not Guilty" to Grand Larceny Charge and is Locked up Upon Failure to Renew Bond.

(By Associated Press.) CINCINNATI, OHIO, Nov. 16.—Charles T. Warriner, formerly local treasurer of the Big Four Railroad is in jail tonight, and a warrant is out for the arrest of Mrs. Jeanette Stewart Ford on a charge of receiving \$1,000 of the \$643,000 which Warriner is accused of embezzling from the railroad.

The warrant against Mrs. Ford was issued tonight on application of Prosecuting Attorney Hunt, who was closeted most of the day with Warriner. The former railroad officer informed the prosecutor, it is said, that he had given part of the money abstracted from the railroad to Mrs. Ford and that the last payment was made on October 1.

Warriner appeared in the afternoon at the criminal court and pleaded not guilty to the indictment returned yesterday charging him with embezzlement and grand larceny. His bond was fixed at \$20,000.

The four men who had come to his assistance when he was first arrested did not renew their pledge and Warriner was taken to jail.

JEALOUS OF AUTHORITY

State Railroad Commissioners Have Acrimonious Debate.

COMPLAINERS VOTED DOWN

Association Endorses Idea of Giving Interstate Commerce Commission Authority to Prescribe Uniformity in Classification.

(By Associated Press.) WASHINGTON, D. C., Nov. 16.—Because of the contention of many of the members that an attempt was being made to limit the power of state railroad commissioners, an acrimonious discussion marked the opening of the annual convention of the National Association of Railway Commissioners here today. The discussion arose over the recommendation of a committee that the convention endorse the idea of a federal law giving the interstate commerce commission authority to prescribe uniformity in classification for interstate traffic and urging state commissioners to make exceptions sparingly.

Commissioner Gotthlin, of Ohio, contended that those who voted for the report bound themselves to maintain the classification fixed by the commission on intra-state shipments. He was supported by Commissioner Bott, of Florida.

Unfair, Says Clark. Commissioner Clark, of the Interstate Commerce Commission, and chairman of the commission which made the report declared the Ohio commissioner was unfair in placing such an interpretation upon the report.

He said the committee simply desired to call attention to the necessity of exceptions not being made.

"In the southern classification to-day 65 per cent are exceptions and 35 per cent are the original," declared Mr. Clark.

The Ohio commissioner wanted the convention to strike out a portion of the report, but he was voted down by 15 to 29.

During the day, Martin H. Decker, of the New York Public Utilities Commission and president of the association, addressed the convention, and A. H. Smith, vice-president of the New York Central, spoke on the progress of safety in railroad operation.

Mr. Smith asked for public cooperation to reduce the dangers from trespass upon railroad property.

Many Trespassers Killed.

During the past year he pointed out 5,000 trespassers lost their lives. "It seems of no avail that thousands of the worst class are arrested," he said. "One line arrested over 9,000 trespassers during the year and secured convictions in 75 per cent of the cases, but in half the convictions, sentence was suspended, which usually meant that the offender used the railroad to escape from the scene."

HAMPTON WILL TAX C. & O. DEPOT AND TRACK

Corporation Commission Adds Twelve Thousand Dollars to City's Taxable Values.

City Attorney William C. L. Tallaferra spent yesterday in Richmond, where he appeared before the State Corporation Commission and asked that the assessment made against the Chesapeake & Ohio railway in this section be changed so as to give the city of Hampton the taxes from the depot and about half mile of the track.

The entire taxable property had been assigned to Chesapeake district. After a consultation the commission and the attorneys for the railway agreed with Mr. Tallaferra that the city is entitled to collect taxes on the value of the property in question. It is expected that the taxable values will run up to \$12,000.

Dr. Williams Ill.

Dr. Nathaniel Williams, one of the best known physicians in Hampton, is very ill in his residence in West Queen street. He was reported as extremely ill last night. Dr. Williams is suffering with an attack of heart trouble.

Capt. Baulch's Condition.

The condition of Capt. William Baulch, Sr., was said to be unchanged last night and it was announced that he was still an extremely sick man. It was also said that complications have arisen and pneumonia is now feared in addition to heart and Bright's disease.

A Dreaded Contingency.

A young girl of 14 was taking a trip on Lake Michigan in a small steamer. The lake was somewhat rough and many were seasick. The girl sat in the bow and was unusually quiet for her. "Are you feeling sick, daughter?" inquired her father. "No, I don't think I am sick; but I should hate to yawn."—Life.

Pleasure in Work Sure Sign.

You may know that you have found your place, if your work is a pleasure to you. If you long for the time to quit, you are on the wrong job. If you go to work with no more delight than you left it, the job belongs to some other man. When you have found your true calling you will not find nature putting barriers in your path of progress.

The Cherry.

This popular fruit takes its name from Cerasus, Kerasunt, a city of Asia Minor, from which region the cherry was first introduced into Europe by the Roman General Lucullus in the year B. C. 73. The cherry introduced by the Romans at the date given died out, and was reintroduced in the reign of Henry VIII. by Richard Haines, the fruiterer of that monarch.

Too Marsh.

"Wretched woman! you fool advantage of my hospitality to steal my husband." "Pardon me, but it is exactly stealing what a guest, wishing a souvenir of an agreeable visit, carries away with her some trifling thing which her hostess gives away to some of caring little for!"—Life.

His Death Saved Woman.

The death is noted of a champion of foreign parentage whose claim to distinction appears to have been based on the fact that he "had had two American wives." His decease, at the untimely age of 43 leaves it a matter of speculation merely what his record would have been had his life been prolonged.
